

2008 Roseena Rosé  
McMinnville A.V.A.

TASTING NOTES

Roseena is an ancient Persian term for “a beautiful woman who naturally smells of roses.” A bright pink sapphire that inspires us to make a true Rosé! Lovely aromas of rose petals, passion fruit, and honey give way to a luscious mouthful of strawberries and watermelon backed by crisp acidity. Enjoy this by itself on a bright sunny day or pair it with seafood, roast chicken, grilled lamb, or keeping it simple with beet salad!

WINEMAKER’S COMMENTS & FRUIT SOURCE

Ever since its first release in 2005, we have striven to produce a Biodynamic rosé inside the cellar. We are proud to announce that the 2008 Roseena is our first Demeter Certified Biodynamic® Rosé. The Rosé is made from 100% Pinot Noir fruit, sourced from our own Demeter Certified Biodynamic® Momtazi Estate Vineyard. The fruit was hand selected from throughout the 532 acre estate in order bring the necessary balance and reflection of our terroir.

The Pinot Noir was cold soaked for less than 12 hours and then pressed off into stainless steel tanks. Fermentation was completed with indigenous yeast and did not undergo malolactic fermentation. The wine was filtered prior to bottling on March 3, 2009.

VINEYARD AND WINEMAKING PRINCIPLES

At Maysara Winery and Momtazi Vineyard, we are committed to capturing the complete expression of our land and conveying it to you through superior quality in every bottle. We practice only low-impact, holistic farming methods in our Demeter Certified Biodynamic® vineyard. We are confident these principles are the best way to capture the true essence of the soil in our fruit and ensure the health of our vines and the unique accent of our *terroir* for generations. This philosophy is carried into the cellar, where Demeter Certified Biodynamic® winemaking practices produce wines with intensity, sophistication and elegance while maintaining a purity of both fruit and earth.

All fruit sourced and wine produced by  
our 100% Demeter Certified Biodynamic®  
Winery and Vineyard
